Creative Arts Subjects Intent Statement

'To promote pupils' life-long learning through: exploration interpretation and performance. Developing global awareness in an ever-changing world; challenging curious minds through creative enquiry.'

Art and Design
Intent

Our school believes that Art is a vital part of children's education, with a significant and valuable role in the curriculum.

Our aim at Howbridge Church of England Junior School is to enable pupils to become creative and reflective learners who are able to express themselves fluently and confidently in a variety of different ways.

Within the curriculum, Art will clearly contribute towards this, enabling pupils to respond thoughtfully to different learning and stimuli. Our artists should be able to develop their cultural understanding in a range of contexts, Art being one of them.

Children will develop their understanding of the visual language of Art with effective teaching and considered sequences of lessons and experiences. Understanding of the visual elements of art and design (line, tone, texture, colour, pattern, shape, 3D form) will be developed by providing a curriculum which will enable children to reach their full potential.
